**10**  
**YEARS**

The logo features the number '10' in a large, bold, white font. The '0' is stylized with a horizontal line through its center. Below the '10', the word 'YEARS' is written in a smaller, bold, white, sans-serif font.

**In the spring of 2009 Frans Twisk brewed up the plan to organise a show in Utrecht for 3 Italian musicians who make music on a Nintendo Gameboy from 1989.**

***“I’m sure I’ll manage to convince 30 of my friends to pay a fair price and come and see this”***

Convincing wasn’t necessary: More than 150 people showed up and it paved the way to becoming the line of recurring parties it is today. Whether in Utrecht at ACU and EKKO or Melkweg Amsterdam: every single edition has been packed with people and filled with party. The organisation grew out to be an actual collective. It is called EINDBAAS.

This magazine is the visual story celebrating 10 years of EINDBAAS: 25+ editions with over a hundred (international) artists, open stages, huge crowds, tiny backstages. The EINDBAAS collective on tour playing numerous shows across the world. The beers, the blood and the sweat. All of it.

It’s an ode to EINDBAAS and chipmusic in general. The 10 years of our lives we spent organizing shows and performing the music we love. And we’re ready to add a few more. Thank you for being this amazing community and crowd.

**Enjoy the spectacle.**
